BOARD INFORMATION

TO: Governing Board (Finance and Personnel Committee)
FROM: Management
DATE: March 27, 2020
SUBJECT: Consideration to Study Providing Special Rates to Senior Citizens

SUMMARY

The Finance Committee discussed the Consideration to Study Providing Special Rates to Senior Citizens at its March 4, 2020 meeting and requested additional information from legal counsel for further discussion. Legal counsel subsequently provided the information to the committee. In summary:

- Due to limitations under the California Constitution and State law, the Authority is limited to only using unrestricted, non-water rate revenue to establish, fund, and operate a senior citizen special rate.
- Any special senior citizen rate program would need to establish a public good purpose to avoid “gift of public fund” issues, and demonstrate that the program is related to a legitimate interest of the Authority.
- Alternatively, State AB 401 provides a proposal and recommendation for implementation of a statewide customer assistance programs that could assist the Authority’s customers upon further legislation. It is not known at this time if and when the recommendations in AB 401 will be implemented.

PAST BOARD ACTION

January 8, 2020 The Governing Board discussed an agenda item requested by Director Martinez regarding the Consideration to Study Providing Special Rates to Senior Citizens and referred this item to the Finance and Personnel Committee.

FISCAL IMPACT

The Authority’s non-water rate revenue is currently allocated to offset existing water rates. Reallocation of existing non-water rate revenue would require either an increase in water rates for non-senior customers to cover amounts previously offset by unrestricted revenues or a reduction in the operating expenses.

POLICY

The Authority currently does not have any policies in place in regards to providing a special rate to senior citizens. However, the Authority is bound by state laws and regulations prohibiting the use of revenue derived from property-related fees (i.e., water fees) to subsidize water rates for any portion of customers.
