Please check box next to the type of eligible rebate you are applying for:

Rebates subject to change at any time and available on a first-come, first-served basis until funding is exhausted.

I repaired the leak myself - up to \$75 rebate in the form of a bill credit for products purchased to repair the leak

I paid to have the leak repaired - up to \$75 rebate in the form of a bill credit for products and services to repair the leak

Pressure Reducing Valve PRV Up to \$75 for repair/replacement

To see other available rebates please visit www.sweetwater.org

* Purchase or repair must be completed by March 31, 2020. Limited to Sweetwater Authority customers.

When will I receive my rebate?

Customers with approved applications will receive a bill credit (maximum of \$75) on their next water bill.

I certify that the repair was completed as indicated above. I understand that all documents, including receipts, become the property of Sweetwater Authority once submitted, and Sweetwater Authority reserves the right to randomly inspect my premise in order to verify installation/repair of my fixture prior to issuing my rebate.

SWEETWATER AUTHORITY FIX A LEAK REBATE APPLICATION

Send completed application to:

Sweetwater Authority
Attn: Water Efficiency Program
P.O. Box 2328
Chula Vista, CA 91912

Eligibility, rules, terms and conditions

- New construction does not qualify
- Purchase must be made by March 31, 2020
- Repair service must be completed by March 31, 2020
- Application forms without complete information or a valid receipt will be returned to the applicant
- Sweetwater Authority staff may schedule a site visit to verify the installation/repairs prior to issuing rebate

Water accounts which have received a rebate from Sweetwater Authority will not be eligible to receive additional rebates for similar products.

Only new fixtures or devices qualify

Equipment that is used, leased, refurbished, rented, received from warranty or insurance claims, exchanged or won as a prize do not qualify for this rebate.

Funding is limited and disbursed on a first-come, first-served basis. Rebate subject to available funds or discontinuation

PROGRAM REQUIREMENTS

Labor – The Authority will provide a rebate of up to \$75.00 to reimburse customers for services related to the repairing of leaks, and/or the installation of devices to replace leaking fixtures. Recurring maintenance, and similar ongoing expenses are not eligible. Receipts/invoices must be dated on or before March 31, 2020. Leak detection services are only eligible when they result in a leak repair.

Parts – The Authority will provide a rebate of up to \$75.00 towards the purchase of plumbing and/or irrigation supplies and equipment used to repair a leak. Upon receipt of the application form, staff may contact the customer to schedule a site visit to verify the repair occurred within the Authority's service area. Rebate amount will not exceed the total cost of supplies and equipment.

For Pipelines: Rebate does not apply to storm, sewer, or vent lines, only potable water fixtures or lines. Leak repair rebates are limited to one rebate per account, per year.

For additional water efficiency rebates and programs, visit www.sweetwater.org

Commercial, industrial, and institutional (CII) customers may be eligible for additional funding through the STEP grant program.
